PAL
A PAL GROUP COMPANY

Attractive, practical fencing & gates for all home gardens, drives, equestrian enclosures, fields, sports grounds & leisure developments

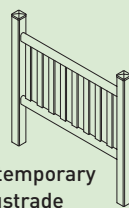

- UPVC fencing and gates with 25 years + durability
- Greater resistance to warping, rotting, cracking and splintering than wooden style fencing
- Weather resistant low maintenance – no sanding, painting or staining
- Exceptionally strong and robust with a stylish visual appearance
- Fire resistant, self extinguishing, non flammable
- Manufactured to ISO 9001 standards by UK leading company with 30 years experience in thermoplastics
